CAREER SUMMARY

An artistic web developer and motion designer with an educational background in electrical engineering. I aim to be a jack of all trades, with skills including motion graphics, web development, and AR lens development. I hope to utilize my ever growing skillset to keep up with the latest technology and thrive in any environment.

EXPERIENCE

Unfold Agency - *Culver City, CA* (November 2018 - Present)
Web Developer / Motion Designer
- Animated motion pieces such as title sequences and lyric videos.
- Rendered short videos which utilized rotoscoping and in-scene text.
- Edited large amounts of footage to create video cut-downs and short videos.
- Developed AR filters in Spark AR (Instagram) and Lens Studio (Snapchat).
- Created simple HTML sites and email campaigns for various clients.
- Troubleshooted, developed, and published HTML banners.
- Encoded and edited videos and audio to meet clients' specifications.

Common Ground / Kaba Modern - *Irvine, CA* (September 2013 - March 2018)
Artistic Director / Head of Music Committee / Marketing Team Member
- Directed a team of 40+ members and conducted efficient practices.
- Developed marketing strategies and promotional material for team events.
- Created music mixes of various songs for multiple teams throughout CA.

NOTABLE PROJECTS

Hulu's Sasquatch AR Lens - https://www.instagram.com/ar/471294677444555
- Created and exported 2D assets from given PSDs to create the 3D world.
- Developed the interactions and animations using Spark AR's node system.

Amazon's PANIC! AR Lens - https://www.instagram.com/ar/210739440711360
- Created and developed a face filter with animations using Spark AR.
- Conducted QA and testing on multiple devices and various lighting conditions.

Sarah Paulson Is Your Mom - https://www.instagram.com/p/CH1DMJFjjA5/
- Edited and rendered a short video using clips from Hulu's Run.
